Leadership Luncheon

Big Data for Leaders

Sponsored by the Beaver Dam Chamber of Commerce

Many new words have entered the lexicon since the dawn of the Internet. Tweet, wireless, hashtag, Like, Post, Social Media and so many more. One of the fastest trending phrases today is “big data”.

This 45 minute big picture overview presentation will touch on topics including:

- Big data overview
- How it is being used today
- A Roomba
- The Internet of Things (IoT)
- Resources available
- Getting Started

This fast-paced and informative talk is important for leaders who want to know more, business owners who want to head to the “next level”.

We will also have time for audience questions.

All packed into 45 minutes.
